Subject: SEACOR POWER - Line throwing gun follow up
Date: Monday, February 14, 2022 10:50:00 AM

Good morning [REDACTED] and [REDACTED]

I hope you had a nice weekend. During the SEACOR POWER hearing, someone asked Mr. [REDACTED] about line throwing guns on cutters and small boats. He could not answer the question, so we checked with some other folks at HQ. Here is what we found out:

Coast Guard patrol boats and Coast Guard fast response cutters are required to carry line throwing guns. Coast Guard small boats are not required to carry line throwing guns.

Best regards,
Tracy
